

COMPANY PROFILE

Vision:

- To be the integrated security company trusted and chosen by the majority of customers in the business, commercial and industrial sectors and by business and professional residential customers.

Mission:

- To make business and residential communities safer and more secure places work, live and play.
- To increase community awareness of real security issues.
- To inform and educate our customers on the security solutions available, so that they can make the best choices to meet their needs and provide them complete peace of mind.

Core values – at all times to deliver and ensure:

- Value
- Service and quality excellence
- Integrity and professionalism
- Continual improvement and innovation
- Professional development
- Social responsibility

Company Beginnings

BullAnt Security was established in 1986. The company began as a traditional locksmith business with a focus on quality excellence, continual improvement and innovation.

The extensive skills, knowledge and experience we have gained over these years provides the solid foundation for the work we do today providing quality security products and services for industrial, commercial, residential and government department customers in Western Australia.

Innovation and growth

We keep a close eye on industry innovation and work closely with industry professionals and suppliers to regularly review and expand the range of security solutions available to you, our customer. We have been able to further expand our product range and services with the acquisition of long-standing Key West Lock Service and Sales.

Expanding our product lines with acquisitions and new innovation enables us to provide you with the very latest in security developments and technology, supplied and installed by a company known for quality products and service excellence.

Today we provide solutions across the full spectrum of security products and services. This gives our customers confidence knowing they can deal with one integrated security firm that will achieve their optimum solution. We provide:

- Locksmith solutions (keys, locks, master keying, repairs, etc)
- Electronic security solutions (alarms, CCTV, surveillance, access control, etc)
- Security products (padlocks, safes, door hardware, chains, etc)

Value for money and peace of mind

We have a reputation for value and product and service excellence. When you deal with us you can feel confident that you are dealing with an experienced and reputable company at the forefront of the security industry.

We work with suppliers to monitor industry wide best practice solutions, innovations and market benefits. This means we can deliver high integrity, peace of mind and better long term solutions for all customers who depend on us for a trusted and safe solution to security challenges.

Professional memberships

- Corporate member of the Australian Security Industry Association Ltd (ASIAL)
- Business member of the Master Locksmith Association of Australia (MLAA)
- Preferred Supplier under the Western Australian Local Government Association (WALGA)
- Approved provider under **Security Construction and Equipment Committee (SCEC)**

BullAnt Security is a privately owned Western Australian company. Strong management support and structure allow us to focus on what we do best – consistently deliver excellent product and service solutions to you, the customer.

Capabilities

For 30 years, we have proven ourselves to be a strong reliable partner to many business, industrial and residential customers – small, medium and large. We cater for and provide tailored security solutions for the full range of risk profiles. We are the preferred and contracted providers to multiple WA Government Departments and are regularly selected as preferred partner across private, public and government sectors.

We operate across the Perth metropolitan area and provide services to our contract customers throughout the state, in country and remote locations.

We operate from fully stocked workshops used for repair, assembly and production and are supported by a fleet of company vehicles delivering our services to your site or premises. All of our vehicles carry a wide range of stock and are manned by qualified and experienced security technicians. They are fully fitted out to provide complete onsite service, giving you confidence that your needs will be addressed quickly, professionally and to the highest standards.

We also provide 24hr emergency service available 365 days of the year.

Our People

We are selective in the people we employ.

All of our technicians hold:

- National Police Clearance
- Security Installers Licence
- Security Consultant Licence
- Additional licenses where required for their specific expertise

Our technicians are fully trained on the products they use, their application and industry best practices. They meet our high customer service standards. You can be assured not only of the reputation and standing of our company, but also the quality of each and every security technician we employ.

Our strong operating management structure is complemented by experienced reputable managers and a robust leadership team. Our General Manager has over 35 years' practical experience in the security industry, and has also served as an industry trainer and as a member of the industry professional association. Our Director has extensive and diverse business experience enabling him to bring strong leadership and expansive vision to the company as it continues to grow.

Our Customers

Our invaluable experience provides all of our customers with a level of service and confidence unsurpassed in the industry.

Our customers include:

- Small, medium and large businesses
